

Dear Parents/Carers,

Listen to your Imagination

Create Music are on a mission to bring music into as many homes in Brighton & Hove and East Sussex as possible.

Today at school your child experienced the excitement of seeing and hearing a demonstration of the instruments that are available to learn. Learning to play a musical instrument provides children with an experience that enriches their lives in so many ways. Through learning an instrument children will learn skills that help develop a lifelong love of music. Research has also shown that there are many other benefits associated with learning to play a musical instrument including:

- *raising confidence, self-esteem and improving well-being*
- *improving teamwork, concentration and skills for learning*
- *connecting with new people and broadening horizons*

Lessons take place either individually or in small groups during the school day and lessons for new pupils are due to start in the coming weeks. If you would like to register your child for lessons, you can apply directly via our website:

createmusic.org.uk/apply

If you would like to find out further information, we would like to welcome you to an online meeting. The meeting will last approximately 30 minutes and you'll be able to find out about what's involved in learning an instrument, the curriculum followed, the costs, hiring an instrument and how you may be able to receive financial support towards lesson fees.

To register to attend a meeting please go to our [website](#).

Thanks to some funding, I am delighted that we are able to offer free taster sessions on **Woodwind and Brass** instruments. These will take place at school during the day. To sign your child up please [fill in this form](#).

We very much hope that your child will be interested in learning to play an instrument with Create Music.
